Malbec Achaval-Ferrer – In 1998 a group of Italian & Argentinian friends joined forces to realize a dream – the creation of a world class Argentinian wine. The aim was not only to produce a world class wine but also to remain true to its origins. Marcelo Victoria, one of the ambitious friends and a former fighter pilot is an Oaks' friend and regular visitor. We are proud to support his endeavour.

They are now responsible for the distribution of many great wines including of course the fabled Chateau Petrus!
